

Dear Mithal,

21/1/2011

Newsletter is useful but highly irregular. The content is good and informative. However, I feel that time has come when we should do away with hard copy and start E-Newsletter, which has many advantages, cost-effective, much more presentable and very quick to deliver.

I strongly recommend to stop hard copy of the newsletter and start E-News letter.

We should also start capturing new ideas. At present, its limited to news

and a very limited
views only.
I look forward

to better Newsletter
with best wishes
