WLS=Wildlife Sanctuary; NP=National park; NOP=Not officially protected; OP=Optional sites (Data deficient); Key to criteria

A1 - Globally threatened Species; A2 - Restricted-range Species; A3 - Biome-restricted Assemblage; A4 - Congregations

i - Site known or thought to hold, on a regular basis, $\geq 1\%$ of a biogeographic population of a congregatory waterbird species.

ii - Site known or thought to hold, on a regular basis, $\geq 1\%$ of the global population of a congregatory seabird or terrestrial species.

iii - Site known or thought to hold, on a regular basis, $\geq 20,000$ water birds or $\geq 10,000$ pairs of seabirds of one or more species.

iv - Site known or thought to exceed thresholds set for migratory species at bottleneck sites.

? - Information uncertain
