## THE GHOST OF THE MOUNTAINS

- BY Sujatha Padmanathan

I liked the story because I learned about snow-leopards. And much more about Ladakh. Also the people there. And also the language they speak. The best part of the story I liked was when Rigzin told the people not to kill the snow-leopard because they are endangered animals. And I really like to go to these places. And I believe Rigzin that nobody should ever kill an animal.
